MEASURABLE ADDED VALUE

First-time right

Average rewash rate in the industry
is somewhere between 8%-10%”

Reducing ‘out of order’

The industry accounts for 1-3%
costs of dishwashing in breakage

With IntelliDish™, by Diversey Care, you will get
proactive advice on improved maintenance of your
dishwasher reducing the chance of out of order. This
will have an influence on the need for manual
dishwashing which in turn lessens the chances of
chipping or breaking of ware.
