

# IntelliDish™

A clever way of dishwashing

## What if...

... There was an analyst in all of your kitchens monitoring performance and ensuring systems were running at optimal efficiency?

**Business continuity & efficiency**  
Identify and solve issues in real-time

**Cost management**  
Bring transparency to your cost of dishwashing

**Hygiene compliance**  
Automate hygiene compliance

**Managing your resources**  
Make the best use of your resources

IntelliDish™ connects your kitchen to the cloud, making remote performance management a reality.

**Continuity & efficiency**  
First time right: Reducing rewash  
Proactive maintenance and breakage for manual dishwashing  
Immediate corrective action

**Cost management**  
Transparency on your complete dishwashing process  
Reduce waste by getting notifications when water, energy or chemical are wasted  
Real-time "how to solve" videos for immediate remote labor training

IntelliDish™

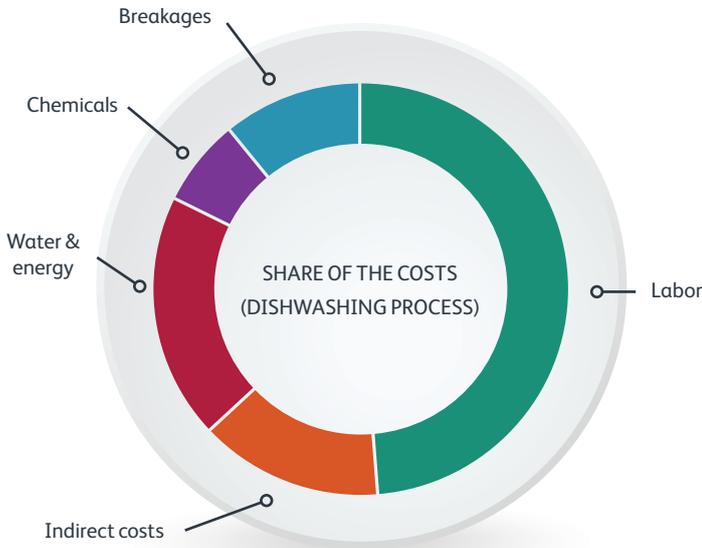

**Hygiene compliance**  
Temperature (wash, rinse, pre-wash)  
Product usage & concentration  
Water usage

**Managing your resources**  
Labor efficiency and training  
Water and energy usage optimization  
Chemical usage optimization

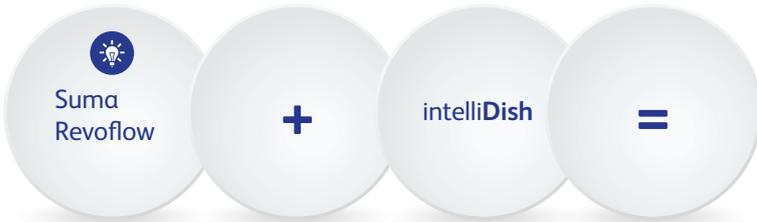

**IntelliDish™**  
A clever way of dishwashing

## Measurable added value\*

\*According to western european & north american market situation

MEASURABLE ADDED VALUE

[www.diversey.com](http://www.diversey.com)

## First-time right

Average rewash rate in the industry is somewhere between 8%-10%”

## Reducing ‘out of order’

The industry accounts for 1-3% costs of dishwashing in breakage

With IntelliDish, you will get proactive advice on improved maintenance of your dishwasher reducing the chance of out of order. This will have an influence on the need for manual dishwashing which in turn lessens the chances of chipping or breaking of ware.

## IntelliDish advantages

### OPTIMIZE YOUR UPTIME

First-time right  
Automated hygiene compliance  
Immediate corrective action

### ACTIONABLE, REAL-TIME INSIGHTS

Proactive maintenance advice  
Optimize water, energy, cleaning product and labor time  
Predictive consulting and feedback
