suma

Break-up HD

D3.5

Heavy duty degreaser, aluminium safe

Description

Super - concentrated high-performance cleaner / degreaser for food contact and other surfaces. Cuts through dirt, grime, soap scum and animal proteins, fats, oils, blood and grease on hard surfaces.

Features and benefits

- Removes Protein, Animal Fats and Grease in One Application : Cleans fast and easy without hard scrubbing.
- Save Cleaning Time : Cuts labour costs . . . cleans even hard-to-clean grouting and is free-rinsing.
- Versatile : Can be used in multiple cleaning methods (foaming, spraying, mopping, etc.) . . . reducing the need for several specialty cleaners. Cleans many surfaces such as stainless steel, plastic and tile.
- Easy to use : Product and label are color-coded making employee training easier.

Application areas

Many different food contact surfaces such as stainless steel, plastic and tile. Designed for use on all resilient and non-resilient floors including sealed wood and cork. Suma® Break-Up HD is suitable for use in supermarket meatcutting, seafood, bakery, deli and produce areas and institutional kitchens & food plants

Directions for use

Foam Cleaning : Cover or remove all food products from the area. Manually remove gross soils from surface and equipment. Using foam end attachment, spray hot foam liberally on all surfaces. Allow foam to cling to surfaces for at least five minutes, but do not allow foam to dry. Scrub surfaces as necessary. To avoid food contamination, rinse all surfaces with potable water.

Floor Cleaning : Sweep floors as necessary. Fill mop bucket with hot water to desired level. Take 100 ml of product to make 1 % solution in 10 lt water. Mop floor and scrub all surfaces as necessary. Rinse thoroughly with hot water. Sanitize as necessary with Suma® Bac.

Equipment Cleaning : Cover or remove all food products from the area. Manually remove gross soils form surfaces and equipment.

From Dispenser : Fill sink with hot water to desired level. Clean items with brush or sponge as necessary. Prepare 1 % solution by taking 100 ml Suma® Break-Up HD in 10 lt of hot water in sink. (Sink capacities may vary). Clean items with a brush or sponge and allow to penetrate soil at least for five minutes. To avoid food contamination, rinse all surfaces with potable water. Sanitize as necessary with Suma® Bac.

Break-up HD

D3.5

Heavy duty degreaser, aluminium safe

Technical data

Appearance	Clear orange liquid
Dilution	1 : 100
pH (neat)	12 - 13
Solubility in water	Complete
Specific gravity@25°C	1.12 - 1.20 gm/cm ³

The above data is typical of normal production and should not be taken as a specification.

Safe handling and storage information

Please make sure your employees read and understand the product label and Material Safety Data Sheet before using this product. The label contains directions for use, and both the label and MSDS contain hazard warnings, precautionary statements and first aid procedures.
