

Divermite Room Care

Your complete solution for housekeeping

Divermite Room Care

The complete cleaning solution to all housekeeping, cleaning, sanitising and polishing problems - from glass to toilet cleaning, this range covers them all.

- Effective cleaning and refreshing of guest rooms
- Simple and safe-to-use daily cleaning products
- Optimised and predictable cleaning costs

Effective cleaning and refreshing of guest rooms

TASKI Room Care programme consists of systems and highly effective products designed to tackle every guest room cleaning task, quickly and easy. The main products have the same fresh, reinforcing fragrance to offer a pleasant welcome to every guest.

Simple and safe-to-use daily cleaning products

Just a few highly effective products take on all the daily guest room cleaning jobs. They give you optimal results while being simple and safe to use. There is minimal risk of skin contact while refilling the highly concentrated products. Products and labels are all colour coded to make them easy to identify and use, helping to avoid confusion and costly application errors.

Optimised and predictable cleaning costs

High performance product formulations, accurate dosing and sensible packaging significantly reduce product consumption and waste.

Divermite dosing system

- Easy to install wall-mounted Divermite dispenser
- Neither water connection or electricity needed
- Unique bottle lock out system to make sure only the appropriate bottle can be refilled

Product range

- The most frequently-used products come as highly concentrated liquids in 1.5L pouches
- One pouch produces 15L of ready to use cleaning solution
- The pouches are easy to handle and store and produce minimum waste
- 1.5L pouch of colour-coded concentrate slots into the dispenser in seconds and ensures accurate dosing every time

Refill bottle

- Application-specific ergonomic re-useable 300ml bottles with unique key necks ensure the right product is dispensed into each bottle
- Refill bottle tops as well as labels are colour coded for easy identification and avoid costly application errors
- Bottle tops are specific to application, such as spray, flip top or directional spout
