LOGISTICS

When to wipe

...
Before using any shared desks, computers, keyboards or chairs

...
Before using wipe car handles, dashboard, wheel, speed knob of transportation trolleys/scooters/cars/pallet truck

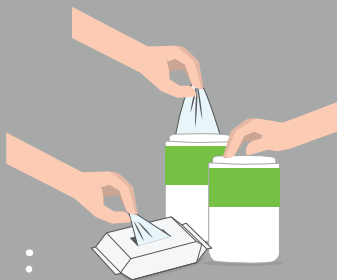

...
Wipe barcode scanners, weights any other touch points in packing area before use

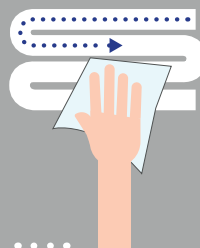

...
During cleaning, never forget to wipe frequently touched door handles and light switches

How to wipe

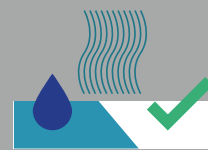

...
Take a wipe from the dispenser and close the pack firmly to prevent remaining wipes from drying out

...
Holding the wipe flat in your hand (not scrunched), wipe the surface in an 'S' shape, moving from clean to dirty. Do not go over the same surface twice with the same wipe

...
Dispose of used wipes in the appropriate waste bin following local policy guidelines. Save your pipes, don't flush wipes.

...
Allow surface to dry before use
