

CLAX[®] Spring

73A1

Perfume spray-on

Description

Clax Spring is a fragrance specially developed for use in commercial and on premise laundries. This product is especially suitable for use in linenrooms.

Key properties

Clax Spring is a liquid fragrance based on an excellent perfume. This product has been developed to deliver a pleasant smell on linen after washing and drying. Drying at high temperatures will cause evaporation of much of the perfume adsorbed onto fabric during the wash. Therefore spraying on of Clax Spring will restore the fragrance effect and will leave a pleasant smell on fabric.

Benefits

- Delivers pleasant smell on fabric

Directions for use

Use Clax Spring at concentrations between 1-5%. Spray on fabric using special trigger bottles.

Technical data

Appearance: Light yellow, clear liquid
