

F&B Fleetclean

Super Exterior Cleaner

Description

Fleetclean Super Exterior Cleaner is a clear pale yellow alkaline liquid and is an aqueous blend of inorganic detergents and sequestrant materials with surface active agents.

Where to use

Fleetclean Super Exterior Cleaner will safely remove a wide range of soils from painted exterior panels, chassis and engines of all commercial vehicles. The product can be used in conjunction with all types of washing equipment including fixed arch, brush wash and pressure washing machines.

Directions for use

Use Fleetclean at concentrations between 0.3-2% depending on the type and degree of soiling and application requirement.

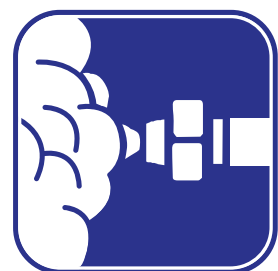

The detergent dwell time should not exceed two minutes before rinsing with fresh water. Fleetclean is also excellent cold water degreaser when used at a concentration of 10% in water. The solvent-free action is safe, quick and leaves a bright smear-free finish after rinsing.

Safe handling and storage information

Caution: Irritating to skin and eyes. Avoid contact with skin and eyes. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. After contact with skin, wash immediately with plenty of water. For spillages, hose down area and run to waste.

Store in accordance with local and national regulations. Store in a closed container. Keep only in original packaging. For more details consult Material Safety Data Sheet
