## Aluminium safe, heavy duty degreaser

### Description

Suma Force D3.5 is a concentrated liquid degreaser for the cleaning of heavily soiled surfaces in the kitchen.

### Key properties

Suma Force D3.5 is an alkaline liquid detergent suitable for manual cleaning of all heavily soiled surfaces in the kitchen, like floors, equipment, cooker hoods and cooker tops. It is an optimal blend of non-ionic and anionic surfactants, for good wetting of surfaces.

Suma Force D3.5 is also alkali and contains sequestrant for effective removal of all kinds of grease and dried-on food. The formulation is balanced in such a way that the product is safe for use on aluminium surfaces. Suma Force D3.5 is especially suitable for cleaning of floors either manually with a mop system or with low pressure spray equipment.

### Benefits

- Powerful formulation cuts through heavy grease and leaves clean and shiny surfaces
- Dissolves soil and holds it in solution, preventing redeposition
- Formulated to be safe for use on aluminium
- Suitable for use in foaming equipment

### Directions for use

Use Suma Force at concentrations between 0.3-5% v/v depending on the type and degree of soiling and application.

### General cleaning method

1. Apply solution to surface or equipment with spray bottle, cloth or brush
2. Scrub to remove stubborn deposits
3. Rinse thoroughly with clean water and allow to dry
4. Soak if necessary

### Floor cleaning

1. Apply solution with mop
2. Remove dirt with the mop
3. Rinse with clean water and allow to air dry

For heavily soiled items, a higher concentration may be required.
