Grill Gel

D9.4

Oven & Grill Cleaner

Description

Suma® Grill Gel D9.4 is a heavy duty cleaner for periodic maintenance of ovens and in areas of heavy grease build-up in food premises. By the nature of the product it will effectively cling to vertical surfaces for long contact times and effective cleaning.

Features

Suma® Grill Gel D9.4 is a highly alkaline detergent suitable for the periodic cleaning of heavily soiled ovens, grills or salamanders. This blend of alkali, surfactants and solvents removes even heavily carbonised soil. The liquid becomes gel like in nature upon contact with surface and will effectively cling to vertical surfaces for long contact times and effective cleaning.

Benefits

- Powerful alkali action removes even heavily carbonised soil.
- Ideal for use on ovens, grills, salamanders and diluted for cleaning of fryers.
- Thickened to cling to vertical surfaces and increase contact time.

Oven & Grill Cleaner

Directions for use

1. Ensure temperature of surface is less than 80°C (optimum 60-80°C).
2. Spray neat product direct on to surface or equipment (use recommended trigger with extension lance) or apply product with a brush onto oven surface.
3. Leave for 10-30 minutes depending on the level of soiling.
4. Remove loose deposit with a scourer or brush.
5. Rinse well with clean, hot water and allow to air dry.

MPI Approved C31 (All animal product except dairy).

Technical information

Appearance	Opaque white liquid	Dilution	Neat
Relative Density (20C°)	1.10	pH (neat)	>12.5

The above data is typical of normal production and should not be taken as a specification.

Product	Pack size	SKU Code	Availability
Suma® Grill Gel D9.4	2 x 5L	7010035	NZ

Safe handling and storage information

Full guidance on the handling and disposal of this product is provided in a separate Safety Data Sheet. Store in original container. Avoid extremes of temperature.

Product compatibility

Under recommended conditions of use, Suma® Grill Gel D9.4 is suitable for use on stainless steel materials commonly encountered in the kitchen. Do not use on alkali sensitive materials such as aluminium, copper etc.

Safety Reminder

Please make sure your employees read and understand the product label and Safety Data Sheet before using this product.
