

# TASKI® ergodisc 400

High-speed single disc machine –  
for cost-efficient, high-speed cleaning

## Key features

- Ergonomics
- Safety
- Simplicity
- Versatility

The ergodisc 400 is especially suited for spray cleaning and buffing.

## Ergonomics

Better working conditions improve productivity through:

- Anatomically formed grip
- Adjustable handle bar height
- Low vibration level
- Low noise level
- Soft start characteristics

## Safety

Creates a safer working environment through:

- Hand protection due to closed handle
- High electrical safety due to double insulation
- Double safety lock

## Simplicity

Ease of use results in improved efficiency through ease of:

- Training and operation
- Attachment of accessories, no tools required
- Storage and transportation, enabled by a foldable handle and moveable weight

## Versatility

Multi-purpose, cost-efficient machine:

- Adaptable to many different cleaning tasks
- Full range of accessories available

# TASKI® ergodisc 400

Technical data			
Working width	43 cm	Voltages available	230 V / 50 Hz
Speed	400 rpm	Cable length	15 m
Weight	34 kg	Noise level	57 dB(A)
Motor height	38 cm	Protection class	II
Nominal consumption	1100 W	Approvals	CE / CB Test cert. / ÖVE / SEV

*The above data is typical of normal production and should not be taken as a specification.*

Modell	
TASKI ergodisc 400 Kit	D8003890ANZ

Accessories	SKU number
High speed driving disc 43 cm	D7510030
Water tank	D8504390
Dispensing unit mechanical	D8504370
Suction skirt / splash protection	D7515786
Suction unit 230 V	D8504380
Double filter paper bags (10-pack)	D8505100
Spraying brush 43cm	D8504400

Additional features
<b>Vacuum unit and suction skirt:</b> The combination of vacuum unit and suction skirt is an ideal solution to prevent dust emission into the air. During spray cleaning, the skirt also acts as a splash protector.
<b>Direct solution distribution:</b> The cleaning solution is distributed through the centre of the pad, using the whole surface of the pad. An electrical spray unit is fitted as standard.
<b>Full pad contact:</b> The floating pad drive gives a constant working pressure and enables the machine to be used on uneven floors.
<b>Robustness:</b> TASKI ergodisc 400 machines are part of an innovative range of single disc machines. The use of high-tech materials creates robust, shock absorbing machines with an extended lifetime and low service costs.
All TASKI ergodisc machines come with 2 years warranty.
