## 38cm Carpet Cleaning System

### Key features

- Reliability and High Performance
- Flexible Application
- Lower Total Cost of Ownership
- Simple and easy to use

### Reliability and High Performance

TASKI procarpet 30 has been designed with the reliability found on all our floor care machines. TASKI has developed this machine using our expertise in vacuum pick-up and chemical application to design a high performance carpet cleaning machine with excellent results.

### Flexible Application

TASKI procarpet 30 allows users to select the cleaning application that best fits their needs based on turnaround time and soil levels. The machine can be set-up for deep cleaning extraction for heavy soils or restorative type cleaning application and also be set-up for interim cleaning using our specifically formulated encapsulation chemical.

### Lower Total Cost of Ownership

The machine allows customers to control all carpet cleaning activities and select the application that best fits their needs. Utilising interim cleaning will help to extend the time between deep cleaning activities keeping carpets looking better longer without extended dry times.

### Simple and Easy to Use

The machine can be changed from deep extraction to interim clean simply by changing the chemicals and flipping a switch. The perfect balance point allows fatigue free working. A large variety of accessories enables completion of added cleaning tasks.

### Specifications

#### Technical data

Theoretical performance	420 m <sup>2</sup> /hr	Dimensions (L x W x H)	109x47x94 cm
Productivity (Extraction)	200 m <sup>2</sup> /hr	Machine Weight (empty)	52kg
Productivity (Encapsulation)	405 m <sup>2</sup> /hr	Sound Level	< 70 dB(A)
Working Width	38 cm	Brush Motor	650W
Solution Tank	30L	Vacuum Motor	1000W
Recovery Tank	30L	Brush Speed	1000 rpm
Cord Length	15m	Brush Pressure	10-17 kg
Rated voltage	230 V /50 Hz		

*The above data is typical of normal production and should not be taken as a specification.*

Code	Product Name	Description	Availability
D7522309ANZ-KIT1	TASKI procarpet 30 ANZ Kit 1	Kit includes the machine, extraction brush and encapsulation brush	AU
D7522309ANZ-KIT10	TASKI procarpet 30 ANZ Kit 10	Kit includes the machine, extraction brush, encapsulation brush and accessory kit (wand, hose and floor tool)	AU

#### Accessories/Additional Tools

Code	Product Name
D7522313	TASKI procarpet 30 extraction carpet brush
D7522973	TASKI procarpet 30 encapsulation brush
D8505150	TASKI carpet care wand and recovery hose
D8505170	TASKI carpet care recovery hose 6 m
D8502830	TASKI filling hose with universal water coupling

#### Additional Features

**Flexible Handle:** Allow users to switch from pull to push using TASKI ergonomic handle. The user can also engage the floating handle option based on their comfort level.

**Easy Brush Access:** The brush can easily be removed from the side for cleaning and replacement.

**Parking Lever:** The parking lever lifts the brush off the floor when storing the machine to prevent damage to the brush. This also allows users to leave the brush attached while the machine is stored.

**Carpet care wand and Hose:** Can be used for hard to reach areas and quickly connects to the TASKI procarpet 30.

**Hand Tool:** Can be in combination with the wand and hose to convert the attachment for upholstery cleaning or can be used in combination with the recovery hose.
