**SWINGO 855 B**

## Battery-powered automatic scrubber drier

### Key features

- Agility and high performance
- Excellent cleaning and drying result
- Durability and robustness
- Simplicity and easy maintenance

### Perfect combines agility, high performance

The TASKI swingo 855 B scrubber drier is an agile machine, which is easy to handle while offering increased productivity due to its wide working width. The 50 cm brush unit allows very efficient cleaning of floors and close along walls, leading to great performance. The 40-litre tank volume and the patented Intelliflow system (=cleaning solution dosing) radically increase performance and reduce time-consuming tank filling stops during the cleaning operation.

### Excellent cleaning and drying results

The machine's patented brush follows the floor profile and delivers nearly even pressure allocation along the full working width, which leads to excellent soil removal. The patented V-shaped squeegee enables excellent water pick-up on the floor. Due to the proven three wheel concept, adjustments of the squeegee are no longer necessary.

### Durability and robustness

The use of high-tech material and long life components, enhance the machine's uptime, while reducing service and repair costs to a minimum.

### Simple to use and easy maintenance

All components needing frequent maintenance are colour-coded in yellow and can be removed easily without tools. The dashboard is self-explanatory and displays all relevant information. These features allow trouble-free operation and require minimum operator training.

## Specifications

Technical data		Technical data	
Theoretical performance	2250 m <sup>2</sup> /h	Dimensions (L x W x H)	122 x 53 x 119.5 cm
Working width	50 cm	Turning circle	1.12 m
Squeegee width	69 cm	Brush system	1 x 50 cm
Solution tank (nominal)	40 L	Brush pressure (with / without wheel drive)	43 kg
Recovery tank (nominal)	40 L	Working speed (power)	4.5 km/h
Nominal consumption	900 W	Power cord length of integrated battery charger	3 m
Rated voltage	24 V	Sound level	68 dB(A)
Battery capacity	50 AH/C5	Electrical protection class (BMS)	I
Battery run time (nominal)	Up to 2 h	Compliance	CE Mark and Regulatory Compliance Mark
Machine weight ready for use (power)	160 kg		

*The above data is typical of normal production and should not be taken as a specification.*

Code	Product Name	Description	Availability
D7517572ANZ-KIT4	TASKI Swingo 855 B Power BMS ANZ Kit 4	Kit includes the Machine, Standard scrubbing brush 50cm, Battery traction 12V, 70Ah (x2)	AU
D7517572ANZ-KIT5	TASKI Swingo 855 B Power BMS ANZ Kit 5	Kit includes Machine, Pad Driver 50cm, Battery traction 12V, 70Ah (x2)	AU
D7517572ANZ-KIT6	TASKI Swingo 855 B Power BMS ANZ Kit 6	Machine, Standard scrubbing brush 50cm, Pad Driver 50cm Battery traction 12V, 70Ah (x2)	AU

## Accessories/Additional Tools

Code	Product Name
D8504770	Standard Scrubbing brush 50cm
D7520152	Battery traction 12V, 70Ah
D7510830	Pad Driver 50cm

## Additional Features

**BMS (Battery Management System):** Integrated in the machine, the battery charger prevents deep discharging of the battery and monitors the charging process.

**WD (Wheel Drive):** The variable working speed up to 4.5 km/h and reverse speed up to 3 km/h guarantees ergonomic and effortless utilization and increases performance compared to non-wheel drive models.

**IntelliFlow (Cleaning Solution Dosing):** The IntelliFlow system allows for a speed-dependent supply of cleaning solution. This feature ensures that the amount of solution dosed onto the floor is always constant—no matter how fast the machine is operating. The result? No puddles in curves and turns as well as a significant saving in cleaning solution, leading to significantly increased productivity of the machine.
