IntelliCare™ Manual Dispenser

A complete and intelligent hand care solution

Description

The IntelliCare Hand Hygiene dispensing system is part of a complete and intelligent hand care solution designed to prevent infection, improve productivity and protect brand reputation.

The IntelliCare manual hand care dispenser is engineered to address all of your hand care needs with a versatile, modern and durable platform that is compatible with liquid, cream and foam products.

Features

- Robust and reliable ABS-plastic, scratch and UV-resistant body with no dirt traps make for an easy maintenance and spotless appearance.
- State-of-the-art dispenser design with a large window, allowing users content visibility from outside.
- Simple and intuitive operation, with a large easy-action push button.
- Dose size switch within the dispenser.
- Snap-in, customizable placard for product identification, messaging and colour coding.
- Accessories that enable hand hygiene across application areas: drip tray, elbow lever and floor stand.

Benefits

- Kind to the environment, with an unparalleled lifecycle sustainability assessment.
- Smooth and safe user experience stimulates hand hygiene compliance and positive public health.
- Tailor the dose and solution size to meet diverse needs.
- Robust and reliable ABS-plastic guarantees long-lasting operation and easy maintenance even in tough environments.
- Improved work efficiencies with a quick and easy dispensing, refill and product identification.
- Innovative functionality and infection-prevention features improve customer experience.

IntelliCare™ Manual Dispenser

A complete and intelligent hand care solution

Refill Bottle Features

- Fully collapsible recyclable bottle that uses up to 30% less plastic per ml than conventional bottles.
- Hermetically sealed bottle with no-drip/no-clog dosing pump that ensures content is free from contamination, avoiding the risk of bacterial build-up.
- Larger volume bottle that provides cost-effective hand hygiene and minimizes number of refill changes.
- Key-necked plug-in bottle, for a quick, safe and easy refill process.
- Unique bottle design collapsing from the back to enable full product visibility, with a <50 doses cue that informs when bottle will soon need replacing.

Use instructions

1. Place hand underneath dispenser.
2. Push pad to dispense product into hands.
